

## Outdoor swivel bracket

- Outdoor swivel bracket
- Compatible with VST-862EX outdoor PIR motion sensor camera
- Rotate horizontally to provide optimal coverage (not compatible with pet immunity when VST-862EX is tilted)
- Easy to use and install design.

**Reference / Model****VESTA-094 / PDEIR32000**

Rotating outdoor bracket designed as an easy mounting and use option. It consists of a base for surface mounting and a rotating ball to attach the device. It is compatible with the VESTA VST-862EX outdoor PIR motion sensor camera.

With the swivel mount, the detector can rotate horizontally to provide optimal coverage. When the detector is tilted, the pet-proof function is not supported.
